ATTORNEYS FOR THE UNITED STATES

**IN THE UNITED STATES DISTRICT COURT
DISTRICT OF NEVADA**

UNITED STATES OF AMERICA,

Plaintiff,

No. 2:98-cv-531-LRH

v.

CLIVEN BUNDY,

**DECLARATION OF
DEBORAH J. SULLIVAN**

Defendant.

DECLARATION OF DEBORAH J. SULLIVAN

I, Deborah J. Sullivan, do declare as follows:

I have personal knowledge of the matters set forth in this Declaration.

1. I am currently a Supervisory Law Enforcement Ranger for the Bureau of Land Management (BLM) Southern Nevada District Office (SNDO) located in Las Vegas, Nevada. I have served in this position since September 12, 2010. I was previously the Field Staff Law Enforcement Ranger stationed in Mesquite, Nevada, beginning January 6, 2008. I have lived in the Mesquite community from January 2008 to the present. Mesquite is approximately five miles northeast of Bunkerville, Nevada. Because I both live and work in this part of Nevada, I am very familiar with the Gold Butte Region, the surrounding Mesquite area, and its citizens, as well as the location and boundaries of public lands administered by BLM in this area, including the former Bunkerville Allotment.
2. As the Supervisory Law Enforcement Ranger, I am a commissioned federal law enforcement officer responsible for the detection, investigation, apprehension, detention, processing, and transport of those persons involved in criminal activity. I develop information by processing and evaluating evidence, and interviewing subjects and witnesses. I investigate acts of criminal activity, vandalism, theft, destruction of natural resources, human-caused fire, and unauthorized uses on public lands. I supervise 4-12 federal law enforcement officers for the Southern Nevada District Office. I assign, give instruction, guidance and direction, and review the work of those law enforcement employees.
3. I was hired as the "Mesquite Resident Ranger" in 2008 and my patrol sector included the Gold Butte Region, Mormon Mesa and the Virgin River basin including the former Bunkerville Allotment where the majority of trespass violations by cattle bearing the brand or earmark of Cliven Bundy have occurred. I am aware Mr. Bundy was permanently enjoined by a federal court from grazing livestock on public lands known as the Bunkerville Allotment. I am also aware the former Bunkerville Allotment has been closed to all livestock grazing for more than a decade.
4. I was provided information on Bundy's registered brand and earmarks (see Attachment A: Bundy Brand & Earmarks). During the five years I have been working and/or living in the area, I have seen trespass cattle on the public lands within the former Bunkerville Allotment on an almost daily basis. The only ownership evidence I have observed on trespass cattle confirm the cattle are owned by Cliven Bundy ("Bundy cattle").
5. Given the continuous nature of the trespass grazing in the area, I have not documented every single instance when I observed trespass cattle in the former Bunkerville Allotment bearing the brand and/or earmark, but only a smaller fraction of those observations beginning May 29, 2008 through the present. Documentation I have prepared of my observations within the former Bunkerville Allotment includes written reports with the location, number of animals and any evidence of active range management or improvements and/or photographs, notes and locational information. While the vast majority of the trespass grazing I have documented is within the former Bunkerville Allotment, I have also documented trespass grazing by Bundy cattle on other public lands outside of the former Bunkerville Allotment.

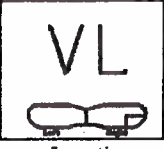

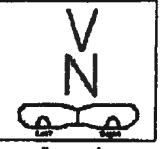

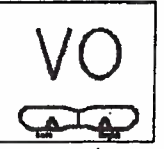

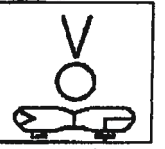

6. I have summarized the information from my written and/or photographic documentations of trespass grazing between May 29, 2008 through February 27, 2012. See Attachment B. As can be seen from this summary information, most of these documented sightings confirmed one or more cattle bearing Cliven Bundy's brand and/or earmark, and no brands or earmarks registered to anyone other than Mr. Bundy.
7. The table in Attachment B summarizes the information from many written reports and photograph logs I have prepared over the years, which include GPS locations for each sighting, number of cattle, and whether I identified any brands or earmarks on the trespass cattle. Because of the voluminous nature of the available documentation, I have provided only a few examples (see Attachment C) of the reports and photographs summarized in Attachment B.
8. The documented sightings were always incidental to my patrols; I did not go on patrol specifically to locate cattle. I have also regularly observed Bundy cattle on BLM lands while in off-duty status. There are often Bundy cattle on the state and county roads, as well as in the Virgin River basin. I did not document any observations of trespass cattle when I was not on duty.
9. During my patrols, I have also observed evidence of active range management on BLM lands where no range improvements are authorized under 43 CFR 4120.3-1 (2005). This includes placement of salt licks, laying of pipeline to convey water, placement of troughs, corrals, and hay to support cattle grazing. Although I have not personally observed Cliven Bundy at these actively managed improvements within the former Bunkerville Allotment, given that the range improvements are in the vicinity of where I have observed Bundy cattle, and given there are no cattle with anyone else's brand or earmark present within the former Allotment, it appears these improvements are being used to facilitate and ensure Bundy cattle will graze the former Bunkerville Allotment.
10. Based on GPS coordinates I recorded for the trespass observations listed in Attachment B, I have mapped the locations of trespass cattle I observed from 2008 through 2012. See Attachment D (Map). This map shows that portion of the Gold Butte area in Southern Nevada where the former Bunkerville Allotment is located. This area is located approximately 80 miles northeast of the City of Las Vegas and is located just to the southwest of Mesquite, Nevada.
11. As is evident from Attachment D (showing locations of documented observations), the vast majority of my observations of Bundy cattle were in the former Bunkerville Allotment, which is identified as the "Historical Grazing Allotment" in the map's legend, and as "Bunkerville" on the map.
12. I have never observed any cattle within the former Bunkerville Allotment bearing a brand or earmark that is registered to anyone other than Cliven Bundy. However, I have observed many unbranded cattle mixed in with cattle bearing Cliven Bundy's brand or earmark.

13. I continue to reside in and patrol the Mesquite area and I continue to see trespass cattle on a regular basis, even though I do not document each and every sighting.

Pursuant to 28 U.S.C. 1746, I declare under penalty of perjury that the foregoing is true and correct. Signed this 25th day of February, 2013, in Las Vegas, Nevada.

Deborah J. Sullivan

NARRATIVE

On February 07, 2010, I was on duty patrolling public lands administered by the BLM when I observed 4 cattle and 1 calf. All of the grown cattle had ear cuts and the brand that I recognized as belonging to CLIVEN BUNDY.

The GPS location was: N36 39' 13.3" W114 16' 46.8"

END OF NARRATIVE

TRESPASS – CATTLE – BUNDY

This is a case file for the Cliven Bundy Cattle Trespass in the Southern Nevada District within the Bureau of Land Management. The cattle and activities identified in this case file are located primarily in the Gold Butte Region. There have been cattle sightings on the North side of the Virgin River, as well as on the Mormon Mesa, which are also on public lands administered by the BLM, though not considered part of the Gold Butte region.

01/30/2011 1345hrs: Observation of active range management; salt licks, fresh hay, water

1510 hrs: N 36 34'01.5" W114 11'53.9"

4 cattle with ear marks belonging to Bundy, 1 calf, 2 cows no markings

1515 hrs: N36 33'08.9" W114 11'17.3"

7 cattle, 1 calf – too far away to see any markings

1530 hrs: N 36 36'40.4" W114 09'33.9"

3 cattle with Bundy V over O brand, 4 with no markings and 2 unable to ascertain

1550hrs: N36 36'31.1" W114 12'52.6"

1 cow with ear markings, 1 cow with ear markings and brand, 1 with no markings

02/04/2011 1050hrs: N36 46'48.3 W114 15'48.8"

Total of 15 cattle (6 grown and 9 heifers) ; 4 with ear marks and brand (1 with #16 tag), 1 heifer with ear mark and 1 heifer with #8 tag

02/06/2011 1145hrs: N36 35'31.3" W114 12'37.0"

Observation of active range management. Water tank hooked up to pipeline.

1213 hrs: N36 34'12.8 W114 14'02.5" Water trough below full of water

02/12/2011 1300 hrs: N36 34'36.2" W114 12'16.1"

4 grown cattle, 2 calves 3 with ear marks (1 with brand visible), 1 with no markings

1300 hrs: N36 33'38.3" W114 11'36.3" 1 cow with ear markings

1318 hrs: N36 32'52.2" W14 11'02.0" 6 cattle, 3 with ear markings, 3 too far away to ascertain

02/20/2011 1215 hrs: N36 33'37.8" W114 11'36.3"

2 cattle, 1 with ear markings, 1 with no markings

02/27/2011 1455 hrs: N36 38'35.0" W114 15'37.2"

2 cows with ear markings and brand, 3 calves with no markings

1501hrs: N36 36'52.1" W114 13'37.2" 1 cow with ear markings and brand

1525hrs: 6 cattle; 2 with ear markings and brand, 1 with ear markings, 3 heifers with no markings

03/05/2011: 1156hrs: N36 33'59.5" W114 11'52.6" 1 cow with ear markings

1435hrs: **Observation of active range management:** N36 35' 31.6" W114 12'36.9"

Pipeline connected and leaking in several places. Water pooling on road.

1438hrs: 1 cow/calf pair. Cow with ear markings

1440hrs: N36 35'36.6 W114 12'49.2" 5 cattle; 1 with ear markings and brand, 2 cow/calf pairs with ear markings, 1 steer with no markings, 1 cow with no markings.

Cattle Count conducted from 03/21/2011- 3/24/2011. 903 cattle counted.

05/21/2011: 1255hrs; N36 35'30.7" W114 12'36.5" Range management – fresh salt/mineral block

1510 hrs: N36 44'21.5" W114 13' 26.9"

1 calf/cow pair with ear markings and brand visible. 2 cows with ear markings (left flank not visible), more than 5 more unidentifiable as they were running away.

7/24/2011: 1515hrs; N36 44' 21.1" W114 11' 18.0" are the coordinates from SR 170 as close to the cattle as possible. 57 grown cattle with 7 calf/cow pair and 7 heifers in the Virgin River. Bundy ear marks and brands visible through binoculars on many.

7/31/2011; 1518hrs; N36 44' 21.1" W114 11' 37.5" are the coordinates from SR 170 as close to the cattle as possible. 10 cattle with the Bundy ear mark. 11 with the Bundy brand. 3 calves.

1543hrs: Gold Butte Rd N36 36' 51.3" W114 13' 33.5" 8 cattle with Bundy earmark and 4 calves.

Cattle Count conducted from 08/16/2011 – 08/19/2011. 729 cattle counted.

10/13/2011: 1455hrs, N36 37.502' W114 10.083' – Range improvements/active cattle management – Water tank full, fence improved, salt licks

1500hrs: N36 37.142' W114 10.533' Salt licks and water tank full

11/09/2011: 1525hrs; N36 33.487' W114 11.503' Gold Butte Rd. approx. mile marker 16 – 4 cattle with the Bundy earmark, 1 bull no markings, 4 otherwise not identifiable

1530hrs: N36 33.099' W114 11.250' 1 cow with Bundy earmarks and brand. 2 calves.

1549hrs: N36 25.161' W114 07.687' Large bale of hay on side of Gold Butte road.

1608hrs: N36 17.015' W114 11.663' 2 "KEEP OUT" signs posted on either side of the road at the Upper Gold Butte Townsite. Metal corral erected with a full water tank, bale of hay and 2 cattle with Bundy earmark and brand and 3 with no markings.
